Bartłomiej Miłosz

Architect Transitioning to Data Analytics | Building Technical Skills on Business Foundation

bartlomiej.milosz@gmail.com | +48 663 258 022 | Warsaw, Poland | **LinkedIn** | **GitHub** | **Blog**

PROFESSIONAL SUMMARY

Interior architect transitioning to data analytics after analyzing smart home ROI and property impacts for a tech client, where I found greater engagement in data insights than design. Pursuing a Computer Science degree while building hands-on projects; 4 years translating technical data into $50K-$500K investment decisions for stakeholders.

DATA ANALYTICS PROJECTS

Warsaw Rental Market Analysis | Python, Pandas, Scikit-learn | GitHub

Applying architecture market knowledge to data analysis

- Scraped and analyzed 5,000+ rental listings to understand pricing patterns in Warsaw districts
- Built predictive model for rental prices achieving MAE of $150 (continuing to improve)
- Created visualizations revealing how location and amenities impact property values

TECHNICAL SKILLS

Currently Using: Python (Pandas, NumPy, Matplotlib), SQL (Basic Queries), Excel (Advanced - Pivot Tables, VLOOKUP, Macros), Git, Jupyter Notebooks

Actively Learning: Statistical Analysis with Python, Data Visualization, Power BI/Tableau

Professional Foundation: Requirements Gathering, Stakeholder Communication, Project Management, Business Analysis, Problem-Solving

Languages: Polish (Native), English (C1 - Professional)

EDUCATION & TRAINING

Bachelor of Computer Science | Polish-Japanese Academy of IT (PJATK), Warsaw | *2025 - 2028 (Expected)*

Relevant Coursework: Data Structures, Database Systems, Statistical Analysis, Algorithms

Master of Architecture | Rzeszów University of Technology | *2016 - 2021*

Developed systematic problem-solving and project management foundation

Structured Learning Path:

- **Mastering Fundamentals:** Maven Analytics Excel Specialist (90 hours) – Excel remains a core business tool
- **Building Technical Depth:** Python and Data Structures via CS coursework and projects
- **Next Milestone:** Pursuing Microsoft Excel Expert (MO-211) for industry certification

PROFESSIONAL EXPERIENCE

Interior Architect | Self-employed & Previous Firms (L'AB Architects, Concept7Studio)

February 2021 - Present | Warsaw & Rzeszów

What Led Me to Data Analytics:

- **The Catalyst:** Analyzed ROI for a tech client's smart home project, shifting my focus from design to data-driven insights
- **The Realization:** Preferred building Excel models over design work, managing €500K+ portfolios with systematic documentation
- **The Skills:** Translated technical constraints into actionable decisions for non-technical clients across 4 years
- **The Commitment:** Maintaining practice while pursuing CS education and analytics portfolio

SEEKING

Eager to apply analytical skills in entry-level Data Analyst roles in PropTech or Real Estate, leveraging business experience for stakeholder-focused insights.

Available: Immediate | **Location:** Warsaw (on-site/hybrid) or Remote | **Authorized to work in EU**
