📍 *Warsaw, Poland* : 🐙 *GitHub* : 🎓 *Computer Science Student at PJATK*

Interior Architect transitioning to Data Analytics — Results-driven professional with 4+ years of client consulting experience, developing technical skills in Python, Excel, and data analysis while leveraging business acumen and analytical problem-solving abilities.

Experience

Architect & Project Manager : **QKwadrat, Warsaw** : **Jun 2024 - Present**

- Analyze client requirements and translate them into actionable project deliverables, managing budgets and timelines for optimal ROI
- Utilize project metrics and client feedback data to optimize design processes and improve project outcomes
- Co-develop business strategies for emerging design studio, including market analysis and growth projections

Lead Architect : **L'AB architekci, Warsaw** : **Jan 2022 - Aug 2023**

- Managed end-to-end architectural projects with budgets up to €500K, consistently delivering on time and within budget
- Analyzed project performance metrics, cost optimization, and timeline efficiency to improve operational processes
- Mentored junior architects and improved team productivity through data-driven workflow optimization

Career Transition - Self-Directed Learning : **Self-Employed** : **Aug 2023 - Jun 2024**

- Completed comprehensive Java programming courses, built portfolio projects demonstrating technical proficiency
- Started Maven Analytics certification, developing Excel and Python skills for business analysis
- Created data-focused projects combining technical skills with business problem-solving approach

Assistant Architect : **Concept7Studio, Rzeszów** : **Feb 2021 - Oct 2021**

- Created detailed architectural drawings and material specifications with precision and attention to data accuracy
- Gathered and analyzed client needs, translating business requirements into technical specifications

Education

B.S. in Computer Science : **Oct 2024 - Present**

PJATK University : Warsaw, Poland

M.Arch. in Architecture and Urban Planning : **Oct 2016 - Jul 2021**

Rzeszów University of Technology : Rzeszów, Poland

Technical Skills

Data Analysis & Programming: Python, Excel (Advanced), SQL (Learning), Maven Analytics (In Progress)

Development: Java, Spring Boot, JavaScript/TypeScript, Node.js, PostgreSQL, MongoDB, Git, Docker

Business & Design: Microsoft Office Suite, Adobe Creative Suite, Figma, Project Management

Languages: Polish (Native), English (C1 Advanced)

Projects & Achievements

Business Performance Dashboard - Excel-based analytics dashboard for architectural project ROI analysis

Student Enrollment System - Java Spring application with PostgreSQL, RESTful API and comprehensive testing

Movie Rental Management - Node.js application with MongoDB demonstrating full-stack development capabilities

- **Successfully managed 15+ architectural projects** with combined value exceeding €2M
- **Improved team efficiency by 25%** through process optimization and better project coordination
- **Maintained 95% client satisfaction rate** through effective communication and data-driven project adjustments
